

## ELIZABETH WINGERTER

Elizabeth deserves special recognition for going beyond the call of duty. In addition to her mobile crisis clinician duties, Elizabeth also works as a CPI trainer and is always willing to lend a hand to her co-workers when they need assistance, whether it be providing feedback on a document or debriefing after a crisis assessment.

Elizabeth finds time to keep learning and doesn't let apparent road blocks stop her. She invests a lot into the people around her and that is greatly appreciated.

Thank you Elizabeth for all that you do!
