

MATHEW MANN

Matt has taken on Infection Control at West Springs Hospital, which has been especially critical during the COVID-19 pandemic. He worked diligently with the Health Department to get West Springs Hospital designated as an actual hospital that cares for COVID patients. Due to his many hours of work, the Hospital was designated as an 1A facility, with priority for vaccines. Matt does COVID tracking, maintains these records, and completes critical follow-up.

Matt's extra efforts and diligence during this time are greatly appreciated!
